FINAL ANSWER KEY

Exam: K-MAT 2024 SESSION1
Date of Test: 03-03-2024

Question1:-Identify the correctly spelled word:

   A:-Relevent

   B:-Relavent

   C:- Relevant

   D:-Relavant

   Correct Answer:- Option-C

Question2:-Choose the correctly spelled word from the options below:

   A:-Neccessary

   B:-Necesary

   C:-Necessary

   D:-Neccesary

   Correct Answer:- Option-C

Question3:-Identify the correctly spelled word:

   A:-Consciece

   B:-Conscience

   C:-Consience

   D:-Consciense

   Correct Answer:- Option-B

Question4:-Find the correctly spelled word:

   A:-Persuade

   B:-Persuaid

   C:-Persuadee

   D:-Perswade

   Correct Answer:- Option-A

Question5:-Identify the misspelled word in the list below:

   A:-Accommodate

   B:-Mischievous

   C:-Embarras

   D:-Irresistible

   Correct Answer:- Option-C

Question6:-Identify the word that has the same meaning as "FORTITUDE" in the list given below:

   A:-Courage

   B:-Deceit

   C:- Frivolity

   D:-Ambivalence

Correct Answer:- Option-A

Question7:-Choose the word that is closest in meaning to the word "PRECISE" from the options provided:

    A:-Ambiguous

    B:-Accurate

    C:-Vague

Correct Answer:- Option-A

Question30:-Reorder the parts to create a coherent sentence: A: for various health benefits B: meditation is practiced C: such as reducing stress D: worldwide
A:-BCDA
B:-DCAB
C:-ACBD
D:-DABC
Correct Answer:- Option-C

Question31:-Rearrange the parts to form a meaningful sentence: A: enjoy various B: tourists can C: outdoor activities D: during their stay
A:-BACD
B:-DCBA
C:-ACBD
D:-DACB
Correct Answer:- Option-A

Question32:-Read the passage and answer the question. In a small village, there was a scarcity of water, and the only well in the vicinity was often dry during the hot summer months. The villagers, tired of this recurring problem, decided to take matters into their own hands. They organized a community initiative to build a reservoir to store water during the rainy season and provide a steady supply throughout the year. The project required teamwork and dedication, but the villagers were determined to overcome the water crisis. With a collective effort, they completed the reservoir, ensuring that every household had access to water even in the driest months. The villagers' initiative demonstrates their commitment to:

A:-Agricultural development
B:-Community Welfare
C:-Industrial expansion
D:-Environmental conservation
Correct Answer:- Option-B

Question33:-Read the passage and answer the question. A group of young activists started a campaign to raise awareness about the importance of recycling in their neighborhood. They conducted workshops, distributed pamphlets, and organized community clean-up events. Their efforts aimed to encourage residents to adopt sustainable practices and reduce waste. As a result of their campaign, more households began sorting and recycling their waste, contributing to a cleaner and greener environment. The activists' campaign primarily focused on promoting:
A:-Renewable energy
B:-Wildlife conservation
C:-Environmental awareness
D:-Air pollution control
Correct Answer:- Option-C

Question34:-Read the passage and answer the question. In a remote village, where access to healthcare was limited, a group of dedicated volunteers established a mobile medical clinic. The clinic visited the village regularly, providing free medical check-ups and consultations and distributing essential medicines. The villagers, who previously had to travel long distances for medical assistance, greatly benefited from this initiative. The mobile clinic initiative reflects the volunteers' commitment to:
A:-Educational development
B:-Public transportation
C:-Healthcare accessibility
D:-Agricultural reform
Correct Answer:- Option-C

Question35:-Read the passage and answer the question. A group of young entrepreneurs initiated a project to empower local artisans to preserve traditional craftsmanship. They collaborated with skilled artisans to create a platform where their handmade products could reach a wider market. The artisans gained economic independence through this initiative, and traditional art forms thrived. The entrepreneurs' project primarily focused on promoting:
A:-Economic diversity

D:-7/12

Correct Answer:- Option-A

Question55:-A number divided by 180 gives a remainder of 98. What will be the remainder if the same number is divided by 15?

A:- 7

B:-8

C:-9

D:-10

Correct Answer:- Option-B

Question56:-How many numbers between 400 and 800 are divisible by 13?

    A:-30

    B:-31

    C:-32

    D:-33

    Correct Answer:- Option-B

Question57:-If three-fifth of a number is 540, find one sixth of the number.

    A:-200

    B:-250

    C:-100

    D:-150

    Correct Answer:- Option-D

Question58:-If A travels 324 km in 12 hours of driving, what distance will he travel in 5 hours at the same speed?

    A:-125 km

    B:-150 km

    C:-135 km

    D:-100 km

    Correct Answer:- Option-C

Question59:-A vessel contains 24 litres of milk and water in the ratio 5:3. How much water should be added so that the ratio becomes 1:1?

    A:- 5

    B:-4

    C:-6

    D:-8

    Correct Answer:- Option-C

Question60:-The ages of Jack and Jill are in the ratio 5:4. What will be the ratio of their ages after 6 years if Jack is now elder to Jill by 4 years?

    A:-13:11

    B:-12:11

    C:-11:10

    D:-10:9

    Correct Answer:- Option-A

Question61:-The number 2*056 is divisible by 11. Which is the digit at the * sign?

    A:-4

    B:- 2

    C:-3

    D:-5

    Correct Answer:- Option-C

Question62:-How many times should the keys of the keyboard be pressed to enter the first 300 counting numbers?

    A:-795

    B:-889

    C:-788

D:-792

Correct Answer:- Option-D

Question63:-Which of the following numbers is exactly divisible by 4, 5, 6, and 7?

A:-1260

B:-1340

C:-1080

D:-1400

Correct Answer:- Option-A

Question64:-Five alarms sound together at intervals of 5, 10, 15, 20, and 25 minutes respectively. At most, how many times will they all sound together in 2 hours?

A:-1

B:-2

C:-3

D:-0

Correct Answer:- Option-D

Question65:-What fraction of 1km is 400m?

A:-1/4

B:-2/5

C:-1/3

D:-1/2

Correct Answer:- Option-B

Question66:-The incomes of A and B are in the ratio 3:2 and their expenses are in the ratio 5:3. If each saves Rs.700,000, what is the income of A?

A:- Rs.40 lakh

Correct Answer:- Option-D

Question91:-A train covers 400 metres in 40 seconds. What is the speed of the train in kmph?

   A:-40

   B:-36

   C:-50

   D:-30

Correct Answer:- Option-B

Question92:-A bus leaves city A at 11:20 am and arrives at city B 240 km away at 4:20 pm on the same day. What is the average speed of the bus for the journey?

   A:-48 kmph

   B:-36 kmph

   C:-50 kmph

   D:-44 kmph

Correct Answer:- Option-A

Question93:-A takes half as long as B to do a piece of work. Together they can complete the work in 12 days. How many days will A take if he does the work alone?

   A:-30

   B:-36

   C:-18

   D:-15

Correct Answer:- Option-C

Question94:-If the perimeter of a rectangle is 48 cm and its length is twice its breadth, what is its area?

   A:-130 sq.cm

   B:-120 sq. cm

   C:-150 sq.cm

   D:-128 sq.cm

Correct Answer:- Option-D

Question95:-If the area of a rectangle is 60 sq. cm and its length is 4 cm more than its breadth, what is its perimeter?

A:-30 cm
B:-32 cm
C:-36 cm
D:-38 cm
Correct Answer:- Option-B

Question96:-A certain sum of money becomes Rs. 28,000 in 4 years at 10% simple interest. What is the principal amount?
A:-Rs.20,000
B:-Rs.18,000
C:-Rs.15,000
D:-Rs.16,000
Correct Answer:- Option-A

Question97:-A company's revenue increased by 25% from last year to this year. If the revenue this year is Rs.500,000, what was the revenue last year?
A:-Rs.300,000
B:-Rs.450,000
C:-Rs.400,000
D:-Rs.375,000
Correct Answer:- Option-C

Question98:-The average of 5 consecutive even numbers is 24. What is the largest of these numbers?
A:-30
B:-28
C:-32
D:-26
Correct Answer:- Option-B

Question99:-A bag contains 5 red balls, 4 green balls, and 3 blue balls. If one ball is drawn at random, what is the probability that it is not blue?
A:-1/4
B:-3/4
C:-1/3
D:-7/12
Correct Answer:- Option-B

Question100:-The sum of two numbers is 35, and their difference is 5. What are the two numbers?
A:- 20,15
B:-18,17
C:-10,15
D:-25,20
Correct Answer:- Option-A

Question101:-If all MBA students are hardworking, and John is hardworking, can we conclude that John is an MBA student?
A:-Yes
B:-No
C:-Maybe
D:-Cannot be determined
Correct Answer:- Option-B

Question102:-If some managers are leaders and all leaders are good decision-makers, can we infer that some managers are good decision-makers?

    A:-Yes

    B:-No

    C:-Maybe

    D:-Insufficient information

    Correct Answer:- Option-A

Question103:-If A is twice as old as B, and C is half the age of A, how many times older is A compared to C?

    A:-4 times

    B:-2 times

    C:-1.5 times

    D:-3 times

    Correct Answer:- Option-B

Question104:-If all finance majors are good at math, and some good-at-math people are not finance majors, can we conclude that all finance majors are good-at-math?

    A:-Yes

    B:-No

    C:-Maybe

    D:-Cannot be determined

    Correct Answer:- Option-A

Question105:-If no athletes are doctors, and some doctors are musicians, can we infer that no athletes are musicians?

    A:-Yes

    B:-No

    C:-Maybe

    D:-Insufficient information

    Correct Answer:- Option-B

Question106:-If every student who studies hard gets good grades, and Mary gets good grades, can we conclude that Mary studied hard?

    A:-Yes

    B:-No

    C:-Maybe

    D:-Cannot be determined

    Correct Answer:- Option-D

Question107:-If no artists are scientists, and some scientists are writers, can we infer that no artists are writers?

    A:-Yes

    B:-No

    C:-Maybe

    D:-Insufficient information

    Correct Answer:- Option-B

Question108:-If the average age of a group of 5 people is 30 years, and one person leaves the group, what is the new average age?

    A:-28 years

    B:-30 years

    C:-32 years

    D:-Insufficient information

Correct Answer:- Option-D

Question109:-If 60% of students in a class are female, and 40% of the females wear glasses, what percentage of the class wears glasses?

 A:-60%

 B:-40%

 C:-24%

 D:- 36%

 Correct Answer:- Option-C

Question110:-If some graduates are employed and all employed people are financially stable, can we infer that some graduates are financially stable?

 A:-Yes

 B:-No

 C:-Maybe

 D:-Insufficient information

 Correct Answer:- Option-A

Question111:-If all leaders are good communicators, and some good communicators are not leaders, can we conclude that some leaders are not good communicators?

 A:-Yes

 B:-No

 C:-Maybe

 D:-Insufficient information

 Correct Answer:- Option-B

Question112:-If 20% of a company's employees are managers, and 10% of the managers are also team leaders, what percentage of the employees are both managers and team leaders?

 A:-10%

 B:-2%

 C:-20%

 D:-0.2%

 Correct Answer:- Option-B

Question113:-If every successful entrepreneur is innovative, and John is innovative, can we conclude that John is a successful entrepreneur?

 A:-Yes

 B:-No

 C:-Maybe

 D:-Insufficient information

 Correct Answer:- Option-C

Question114:-If all MBA students are ambitious, and some ambitious people are not MBA students, can we infer that some MBA students are not ambitious?

 A:-Yes

 B:-No

 C:-Maybe

 D:-Insufficient information

 Correct Answer:- Option-B

Question115:-If some employees are satisfied with their jobs, and all satisfied employees are productive, can we infer that some employees are productive?

 A:-Yes

 B:-No

C:-Maybe

D:-Insufficient information

Correct Answer:- Option-A

Question116:-If no graduates are unemployed, and some unemployed people are not graduates, can we conclude that some graduates are employed?

A:-Yes

B:-No

C:-Maybe

D:-Insufficient information

Correct Answer:- Option-D

Question117:-If all leaders are strategic thinkers, and some strategic thinkers are not leaders, can we infer that some leaders are not strategic thinkers?

A:-Yes

B:-No

C:-Maybe

D:-Insufficient information

Correct Answer:- Option-B

Question118:-If 25% of students like math, and 60% of those who like math also like science, what percentage of students like both math and science?

A:-15%

B:-25%

C:-60%

D:-75%

Correct Answer:- Option-A

Question119:-If every candidate who completes the training program gets a job, and Tom got a job, can we conclude that Tom completed the training program?

A:-Yes

B:-No

C:-Maybe

D:-Insufficient information

Correct Answer:- Option-C

Question120:-If no scholars are athletes, and some athletes are musicians, can we infer that no scholars are musicians?

A:-Yes

B:-No

C:-Maybe

D:-Insufficient information

Correct Answer:- Option-B

Question121:-In the question below, a statement is given, followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, then consider the two conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement. Statement: All students in the class passed the exam. Conclusions: I. Every student is good at academics. II. No student failed the exam.

A:-If only conclusion I follows

B:-If only conclusion II follows

C:-If either I or II follows

D:-If neither I nor II follows

Correct Answer:- Option-B

Question122:-In the question below is given a statement followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, then consider the two conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement. Statement: The train arrived late at the station. Conclusions: I. The train schedule was disrupted. II. Passengers were unhappy with the delay.
    A:-If only conclusion I follows
    B:-If only conclusion II follows
    C:-If either I or II follows
    D:-If neither I nor II follows
    Correct Answer:- Option-A
Question123:-In the question below, a statement is given, followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, then consider the two conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement. Statement: All actors are trained in performing arts. Conclusions: I. Every person trained in performing arts is an actor. II. Some actors may not be trained in performing arts.
    A:-If only conclusion I follows
    B:-If only conclusion II follows
    C:-If either I or II follows
    D:-If neither I nor II follows
    Correct Answer:- Option-D
Question124:-In the question below, a statement is given, followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, then consider the two conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement. Statement: All students passed the mathematics exam. Conclusions: I. Every student is good at mathematics. II. No student failed the mathematics exam.
    A:-If only conclusion I follows
    B:-If only conclusion II follows
    C:-If either I or II follows
    D:-If neither I nor II follows
    Correct Answer:- Option-B
Question125:-In the question below, a statement is given, followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, then consider the two conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement. Statement: The traffic signal is red. Conclusions: I. All vehicles must stop. II. Pedestrians can cross the road.
    A:-If only conclusion I follows
    B:-If only conclusion II follows
    C:-If either I or II follows
    D:-If neither I nor II follows
    Correct Answer:- Option-A
Question126:-Question consist of a statement, followed by two arguments numbered I and II. You have to decide which of the arguments is a 'strong' argument and which a 'weak' argument. Statement: Should the use of plastic be banned worldwide? Arguments: I. Yes. It is essential for environmental conservation and reducing pollution. II. No. It is a versatile material with various applications and banning it would disrupt industries.
    A:-Only argument I is strong.
    B:-Only argument II is strong.
    C:-Either I or II is strong.
    D:-Both I and II are strong.
    Correct Answer:- Option-D
Question127:-The question consists of a statement and two arguments numbered I and II. You have to decide which of the arguments is a 'strong' argument and which a 'weak' argument Statement: Should public transportation be made free in urban areas? Arguments: I. Yes. It would reduce traffic congestion and air pollution. II. No. It

would lead to misuse and financial burden on the government.

    A:-Only argument I is strong.

    B:-Only argument II is strong.

    C:-Either I or II is strong.

    D:-Both I and II are strong.

    Correct Answer:- Option-D

Question128:-The question consists of a statement and two arguments numbered I and II. You have to decide which of the arguments is a 'strong' argument and which a 'weak' argument Statement: Should social media platforms have stricter regulations on content to combat misinformation? Arguments: I. Yes. It helps prevent the spread of false information and protects users. II. No. It infringes on freedom of speech and expression.

    A:-Only argument I is strong.

    B:-Only argument II is strong.

    C:-Either I or II is strong.

    D:-Both I and II are strong.

    Correct Answer:- Option-A

Question129:-In the question, a statement is given, followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions and decide which of the assumption(s) is/are implicit in the statement Statement: The company has decided to launch a new product with advanced features. Assumptions: I. Consumers are always interested in products with advanced features. II. The company has conducted market research to identify consumer preferences.

    A:-If only Assumption I is implicit.

    B:-If only Assumption II is implicit.

    C:-If either Assumption I or II is implicit.

    D:-If neither Assumption I nor II is implicit.

    Correct Answer:- Option-C

Question130:-In the question, a statement is given, followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions and decide which of the assumption(s) is/are implicit in the statement. Statement: The city administration is implementing a new waste management system. Assumptions: I. The current waste management system is ineffective. II. The residents are willing to cooperate with the new system.

    A:-If only Assumption I is implicit.

    B:-If only Assumption II is implicit.

    C:-If either Assumption I or II is implicit.

    D:-If neither Assumption I nor II is implicit.

    Correct Answer:- Option-D

Question131:-In the question, a statement is given, followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions and decide which of the assumption(s) is/are implicit in the statement. Statement: The government has increased the tax rates on luxury goods. Assumptions: I. The government aims to generate additional revenue through higher taxes. II. People will reduce their consumption of luxury goods due to increased taxes.

    A:-If only Assumption I is implicit.

    C:-If either Assumption I or II is implicit.

    D:-If neither Assumption I nor II is implicit.

    Correct Answer:- Option-A

Question132:-The question is followed by two statements numbered I and II. You must decide whether the data provided in the statements is sufficient to answer the question. Question: What is the speed of the train? Statements: I. The train covers a distance of 300 kilometers in 4 hours. II. The train's average speed during the journey is 75 kilometers per hour.

    A:-If the data in statement I alone is sufficient to determine the answer.

    B:-If the data either in statement I alone or statement II alone are sufficient to determine the answer.

    C:-If the data in both the statements I and II together are insufficient to answer the question.

    D:-If the data in both the statements I and II together are necessary to answer the question.

    Correct Answer:- Option-B

Question133:-The question is followed by two statements numbered I and II. You must decide whether the data provided in the statements is sufficient to answer the question. Question: How many employees does Company X have? Statements: I. Company X has five departments, each with 50 employees. II. Company X's average number of employees per department is 40.

    A:-If the data in statement I alone is sufficient to determine the answer.

    B:-If the data either in statement I alone or statement II alone are sufficient to determine the answer.

    C:-If the data in both the statements I and II together are insufficient to answer the question.

    D:-If the data in both the statements I and II together are necessary to answer the question.

    Correct Answer:- Option-A

Question134:-Each question below consists of a question followed by two statements numbered I and II. You have to decide whether the data provided in the statements are sufficient to answer the question Question: In a group of friends, who is the tallest? Statements: I. Jack is taller than Sam but shorter than Mark. II. Mark is shorter than Sarah.

    A:-If the data in statement I alone is sufficient to determine the answer.

    B:-If the data either in statement I alone or statement II alone are sufficient to determine the answer.

    C:-If the data in both the statements I and II together are insufficient to answer the question.

    D:-If the data in both the statements I and II together are necessary to answer the question.

    Correct Answer:- Option-C

Question135:-Each question below consists of a question followed by two statements numbered I and II. You have to decide whether the data provided in the statements are sufficient to answer the question Question: What is the total number of students in the class? Statements: I. There are 25 boys in the class. II. The ratio of boys to girls is 2:1.

    A:-If the data in statement I alone is sufficient to determine the answer.

    B:-If the data either in statement I alone or statement II alone are sufficient to determine the answer.

    C:-If the data in both the statements I and II together are insufficient to answer the question.

    D:-If the data in both the statements I and II together are necessary to answer the question.

    Correct Answer:- Option-D

Question136:-Each question below consists of a question followed by two statements numbered I and II. You have to decide whether the data provided in the statements are sufficient to answer the question Question: How many siblings does Tom have? Statements: I. Tom has two sisters. II. Each of Tom's sisters has one brother.

    A:-If the data in statement I alone is sufficient to determine the answer.

    B:-If the data either in statement I alone or statement II alone are sufficient to determine the answer.

    C:-If the data in both the statements I and II together are insufficient to answer the question.

    D:-If the data in both the statements I and II together are necessary to answer the question.

    Correct Answer:- Option-D

Question137:-If the cost of 5 pens is $30, what is the price of 8 pens?

    A:-$40

    B:-$48

C:-$50
D:-$64
Correct Answer:- Option-B
Question138:-What is the probability of drawing a red ball at random if a box contains 12 red balls and 8 green balls?
A:-3/5
B:-2/5
C:-1/3
D:-2/3
Correct Answer:- Option-A
Question139:-If the sum of three consecutive odd numbers is 63, what is the largest number?
A:-21
B:-23
C:-25
D:-27
Correct Answer:- Option-B
Question140:-If the average of six numbers is 18, and three of the numbers are 15, 20, and 25, what is the average of the remaining three numbers?
A:-16
B:-18
C:-20
D:-22
Correct Answer:- Option-A
Question141:-Who among the following world leaders has the highest number of YouTube followers
A:-Rahul Gandhi
B:-Narendra Modi
C:-Shashi Tharoor
D:-Jair Bolsonaro
Correct Answer:- Option-B
Question142:-Which State won the Vijay Hazare Trophy in 2023?
A:-Rajasthan
B:-Karnataka
C:-Haryana
D:-Tamil Nadu
Correct Answer:- Option-C
Question143:-Safest city in India as per the report of National Crime Records Bureau (NCRB), a government agency, 2023
A:-Kolkata
B:-Chennai
C:-Coimbatore
D:-Surat
Correct Answer:- Option-A
Question144:-Amazonia 1 is an Earth Observation satellite launched by ISRO for the country
A:-Brazil

B:-India

C:-South Africa

D:-Argentina

Correct Answer:- Option-A

Question145:-Who is the new permanent member ofthe G20

A:-European Union

B:-NATO

C:-WHO

D:-African Union

Correct Answer:- Option-D

Question146:-Who is known as the Father of Cloning?

A:-Ian Wilmut

B:-Keith Campbell

C:-Colin Tudge

D:-Roger Highfield

Correct Answer:- Option-A

Question147:-Who inaugurated the 4th National Chilika Birds Festival in 2024?

A:-Nitish Kumar

B:-Vishnudeo Sai

C:-Naveen Patnaik

D:-Arvind Kejriwal

Correct Answer:- Option-C

Question148:-What is the interest rate declared by EPFO for the Financial Year 23-2024?

A:-8 %

B:-8.5%

C:-7.5%

D:-8.25%

Correct Answer:- Option-D

Question149:-Which of the following countries is not a member of SAARC?

A:-India

B:-Pakistan

C:-Nepal

D:-Singapore

Correct Answer:- Option-D

Question150:-Lakshmisha Tolpadi has been chosen for which of the following prestigious award in the year 2023?

A:-Kendra Sahitya Akademi Award

B:-Sahitya Akademi Translation Prize

C:-Sangeet NatakAkademi Award

D:-Vyas Samman

Correct Answer:- Option-A

Question151:-Allan Border Trophy is related to which of the following sports?

A:-Tennis
B:-Cricket
C:-Football
D:-Hockey
Correct Answer:- Option-B

Question152:-The Indian Railways introduced a Bharat Gaurav Deluxe Tourist Train to showcase the heritage of which state
A:-Assam
B:-Goa
C:-Gujarat
D:-Punjab
Correct Answer:- Option-C

Question153:-Which Article of the Indian Constitution disqualifies MPs from Lok Sabha or Rajya Sabha?
A:-Article 101
B:-Article 102
C:-Article 103
D:- Article 104
Correct Answer:- Option-B

Question154:-Which institution has been granted a patent for creating and manufacturing a "reusable straw"?
A:-BSI
B:- ASI
C:-Start-up mission
D:-CCI
Correct Answer:- Option-A

Question155:-Which state/UT received a Geographical Indication tag for 'Sea Buckthorn'?
A:-Kerala
B:-Goa
C:-Ladakh
D:-Tamilnadu
Correct Answer:- Option-C

Question156:-Which country's Prime Minister was granted the 'Grand Cross of the Order of Honour' by Greece in 2023?
A:-China
B:-Bangladesh
C:-Brazil
D:-None of the above
Correct Answer:- Option-D

Question157:-Which institution implements and administers the Advance Authorization Scheme?
A:-SEBI
B:-RBI
C:-NABARD
D:-DGFT
Correct Answer:- Option-D

Question158:-Which is the only state in India that produces diamonds?

A:-West Bengal

B:-Punjab

C:-Madhya Pradesh

D:-Bihar

Correct Answer:- Option-C

Question159:-Which among the following agricultural products is India's main import item?

A:-Pulses

B:-Oil seeds

C:-Edible Oils

D:-Sugar

Correct Answer:- Option-C

Question160:-What is an infrastructure project developed on an empty site?

A:-Yellow Field Project

B:-Whitefield Project

C:-Greenfield Project

D:-Redfield Project

Correct Answer:- Option-C

Question161:-What is India's rank in coal production worldwide?

A:-3

B:-5

C:-7

D:-2

Correct Answer:- Option-D

Question162:-Which of the following is another name for the Hard Disk Drive?

A:-Winchester Drive

B:-Thin Film Drive

C:- SSD

D:-AMD

Correct Answer:- Option-A

Question163:-The most advanced form Of Read Only Memory (ROM) is:

A:-Cache Memory

B:-PROM

C:-PROME

D:-EEPROM

Correct Answer:- Option-D

Question164:-Christ the Redeemer's statue is a landmark monument in which country?

A:-USA

B:-Canada

C:-Brazil

D:-Italy

Correct Answer:- Option-C

Question165:-Avangkhu is India's first village on the border of which country?
    A:-Pakistan
    B:-China
    C:-Nepal
    D:-Myanmar
    Correct Answer:- Option-D

Question166:-Which institution introduced the 'Global Greenhouse Gas Monitoring Infrastructure'?
    A:-WHO
    B:-WMO
    C:-IMF
    D:-WEF
    Correct Answer:- Option-B

Question167:-Kishtwar High Altitude National Park is in which state/UT?
    A:-Jammu and Kashmir
    B:-Sikkim
    C:-Meghalaya
    D:-Assam
    Correct Answer:- Option-A

Question168:-Calcium is required in plants in the formation of which of the following
    A:-Cell Membrane
    B:-Cell wall
    C:-Chlorophyll
    D:-None of the above
    Correct Answer:- Option-B

Question169:-Which of the following functions is performed by the kidneys in the human body?
    A:-Digestion
    B:-Reproduction
    C:-Excretion
    D:-None of the above
    Correct Answer:- Option-C

Question170:-Which of the following factors affect the Surface Tension?
    A:-Nature of liquid
    B:-Area of Surface
    C:-Both A and B
    D:-None of the above
    Correct Answer:- Option-C

Question171:-The presence of which among the following minerals in Banana makes them slightly radioactive?
    A:-Sodium
    B:-Magnesium
    C:-Potassium

D:-Protium
Correct Answer:- Option-C
Question172:-Who among the following said about Raja Rammohan Roy that he is "the human link between the unfading past and the dawning future"?
A:-Nandlal Chatterjee
B:-Jayaprakash Narayan
C:-Abdus Samad Khan
D:-Dr. Rajendra Prasad
Correct Answer:- Option-A
Question173:-Which country has been recently hit by tropical storm Idalia?
A:-India
B:-Netherland
C:-Argentina
D:-Cuba
Correct Answer:- Option-D
Question174:-United Nations Biodiversity has urged people to use which word instead of 'flora and fauna'?
A:-Wild
B:-Fungai
C:-Alga
D:-Species
Correct Answer:- Option-B
Question175:-Which Indian city is set to launch an innovative disease surveillance dashboard?
A:-Mumbai
B:-Indore
C:-Bhuvneshwar
D:- Bengaluru
Correct Answer:- Option-D
Question176:-Who is the author of the book "How to Avoid a Climate Disaster"?
A:-Mark Zuckerberg
B:-Bill Gates
C:-Azim Premji
D:-Steve Jobs
Correct Answer:- Option-B
Question177:-Iodine is obtained from which of the following?
A:-Brown algae
B:-Blue algae
C:-Yellow algae
D:-White algae
Correct Answer:- Option-A
Question178:-Where is the National Institute of Hydrology (NIH) located?
A:-Jaipur
B:-New Delhi

C:-Roorkee
D:-Manali
Correct Answer:- Option-C
Question179:-Where was the 12th India-Oman 'Joint Military Cooperation Committee meeting held?
A:-Dubai
B:-Muscat
C:-Mumbai
D:-Sharjah
Correct Answer:- Option-B
Question180:-'One Stop Centre scheme', recently seen in the news, is formulated by which ministry?
A:-Ministry of Finance
B:-Ministry of Higher Education
C:-Ministry of Sports
D:-Ministry of Women and Child Development
Correct Answer:- Option-D
