Question56:-Read the following passage and answer the question by choosing among the four alternatives given

Like many other subjects management education has many disciplines. Students of management have to compulsorily go for general management combined with overview of all major disciplines of management. However a postgraduate degree is available specializing in a particular branch of management. Well known branches of management include marketing, finance, human resources, and a lesser known management discipline but no less important than the ones generally talked about.

In general terms operations management is concerned with converting materials and labour into desired goods and services while maximizing the profit of an organization. It entails maximizing production by procuring and utilizing available resources like technology, information and others. It has more to do with planning, designing, organizing, controlling and optimizing the process to ensure that a unit efficiently and successfully turns inputs into outputs. It is clear that operations management is delivered through the success of operations management is decided in terms of adherence to production schedule with quality and quantity. Operations management shouldn't be considered similar to Logistics management. Operations management is wider and more comprehensive than Logistics management. Logistics management is planning, execution and control of the procurement, movement and stationing of workers, material and other resources for the objective of a campaign, plan, project or strategy. Logistics management may very well be defined as the management of the flow of goods and services. Both manufacturing and service organizations need the function of operations management which covers a process from procurement to delivery. It has flourished since decades and centuries. Now with boom in services sector opportunities for operations managers have increased. As a management professional, one may add immense value to the performance, profitability and customer service of an organization. Young people may explore career opportunities in this branch of management.

Which of the following statement is right?

A:-No body knows about operations management

B:-Operations management is unimportant

C:-Operations management has lesser importance

D:-Operations management is as important as any other management

Correct Answer:- Option-D
